

## FIND SOME USEFUL QUOTATIONS FOR OUR 'SKELLIG STUDY'

1) Imagine that you are a scientist, trying to draw a diagram which tells us more about Skellig's appearance, clothing, mood, habitat, and preferred diet. On the diagram below, fill in the boxes as neatly as you can with quotations for each of the sections. You should end up with at least six boxes. Make sure that writing is neat and that all page references are included.

2) **HWK for Wednesday: Now draw your own 'Skellig Study' picture. Find five fresh quotations for your own drawing.** Glue it in your book. You can draw the work on A4, or use a computer for this task. Otherwise, use a whole page of A4 for the task.
